

THE PERFECT FIT BETWEEN MAN AND MACHINE

Our new 4750 4-Wheel Sit-Down electric forklift offers improved performance and ergonomics. Designed with rugged masts, heavy duty AC drive and lift motors, excellent visibility and operator comfort, the 4750 is sure to increase your productivity, efficiency and enhanced performance – making it easier to get work done.

+ VISIBILITY

The open view mast with integral sideshift allows this dock-to-stock forklift truck to perform in various types of racking and with multiple attachment capabilities.

+ VERSATILITY

Specialized load handling attachments such as carton clamps, fork positioners, and slipsheets can be added to handle your load requirements.

+ ERGONOMICS

An easy-on, easy-off treaded and lower step height, spacious operator compartment and full suspension seat with lumbar and tilt adjustments enhance operator comfort and productivity.

+ MAINTAINABILITY

Our onboard diagnostics, AC drive and lift motors, and a floor board that can be removed with no tools allowing easy access to the hydraulic tank.
